SERVICES AND  
INDUSTRY-LEADING  
**CUSTOMER SUPPORT**

**COST-EFFECTIVE  
SERVICES** THAT  
WILL MAKE A  
MEASURABLE  
DIFFERENCE TO  
YOUR BUSINESS

# WHY MODO

Invest in professional support from Modo, and get the security and peace of mind that comes from knowing your I.T. is in safe hands.

Choose Modo as your technology partner, and benefit from:

- **Industry knowledge** - A talented team of I.T. specialists at the leading-edge of technology
- **Quality services** - Delivered by experienced, knowledgeable and reliable professionals who know exactly what they're doing
- **Tailored packages** - Dependable support that's completely tailored to your business needs, with no waste, unnecessary services or hidden costs
- **Proactive support** - Actively monitoring, optimizing and maintaining your systems, keeping your business up to date and making sure your I.T. runs smoothly and efficiently
- **Legendary customer care** - A dedicated, friendly support team that explains things simply and clearly, and are always there to provide help when you need it
- **Real value** - Cost-effective services that will make a measurable difference to your business, saving you time, money and hassle

## MANAGED SERVICES YOUR DEPENDABLE I.T. PARTNER

With a fully managed service from Modo, you'll never have to worry about I.T. again.

### As part of our on-going service, you'll get:

- Proactive management of your I.T.
- Ongoing network and server support
- Installation, optimization and management of networks
- Computer repair and maintenance
- Personalized help, consulting and advice

We can even work with your other suppliers, ensuring that all your systems work in harmony, so you get the most out of your I.T. investment.

Working with you to tailor a cost-effective package that works for your business, you'll benefit from:

- **Increased security** - protecting your business from online threats
- **Optimized systems** - keeping you up to date, improving efficiency and reducing downtime
- **Constant support** - help from an expert team whenever you need it
- **Great value** - a customized, fixed-price package that's built for your business

## VIRTUALIZATION

### DO MORE WITH LESS

Free up valuable office space and get the technology your business needs to succeed with virtualization from Modo.

#### We can provide virtualization of:

- Networks
- Storage
- Servers
- Operating systems
- Software & applications

Hosted and managed offsite, we'll seamlessly deliver all your services over the Internet, providing a secure, easy to use I.T. infrastructure that doesn't take up valuable space in your business.

#### You'll benefit from:

- **More advanced technology** - without having to purchase expensive equipment
- **Less maintenance** - and no physical servers to worry about
- **Reduced energy bills** - a greener, cheaper way to manage I.T.
- **More space** - additional space inside your business premises
- **Increased stability and security** - with quick, simple data recovery

## PROTECTION

### SECURE YOUR BUSINESS

Let Modo ensure that your I.T. runs smoothly and reliably, while effectively protecting your business from online threats and expensive downtime.

#### We provide:

- Email & spam protection
- Data backup
- Disaster recovery

With state of the art backup systems, quick disaster recovery and advanced technology designed to provide complete protection for your email and data, your business will benefit from:

- **Improved security** - constant protection from spam, viruses and malware, safeguarding your business from online threats
- **Responsive recovery** - get back up and running right away if things go wrong
- **Full protection** - comprehensive, whole system backup that safeguards all your data and email
- **Reduced admin** - automated processes and continuous backups

## **RESPONSIVE RECOVERY**

GET BACK UP AND  
RUNNING RIGHT AWAY  
IF THINGS GO WRONG

**ADVANCED  
TECHNOLOGY**  
WITH UNLIMITED  
ACCESS TO THE  
LATEST VERSIONS  
OF SOFTWARE

## HOSTING

### TAKE YOUR PLACE AT THE FOREFRONT OF TECHNOLOGY

Benefit from the latest technology and software while reducing the cost and hassle of your I.T. with hosted solutions from Modo.

From hosted email that works across all your PCs, laptops, tablets and smartphones, to cloud based accounting software and collaboration applications, we offer a range of hosted solutions, including:

- **Intuit QuickBooks**
- **Microsoft Exchange**
- **Microsoft SharePoint**
- **Custom applications**

By choosing hosted solutions from Modo, you'll benefit from:

- **Advanced technology** - with unlimited access the latest versions of software
- **Lower costs** - removing the need to invest in expensive software packages
- **Reduced maintenance** - we'll handle the licensing, patches and upgrades, so you don't have to
- **Seamless integration** - familiar software packages that your staff members already know how to use

## CLOUD

### YOUR PARTNER IN THE CLOUD

Free your business from the limitations of owning, managing and maintaining the physical aspects of your I.T. system with cloud solutions from Modo.

By replacing your hardware, software, servers and applications with Internet-based solutions, you'll benefit from:

- **Customizable technology** - personalized systems that meet your business requirements exactly
- **Scalable solutions** - easily upgraded as your business develops
- **Mobile access** - access data, applications and software wherever you are
- **Cost savings** - free up space in your business and reduce your I.T. spend
- **Streamlined operations** - eliminating the cost and administrative effort associated with managing I.T.

## THE NEXT STEPS

Whether you're looking to optimize or streamline your I.T., want expert advice, or need professional, cost-effective support to help take your business to the next level, we're here to help.
